Minutes of Annual General Meeting of Shareholders 2022
of
Vanachai Group Public Company Limited

Meeting held on Wednesday, 27 April 2022 at 10.00 hrs. through Electronic Media (E-AGM) is on live broadcast from the meeting room of company head office No. 2/1 Wongsawang Road, Kwaeng Wongsawang, Khet Bangsue, Bangkok 10800.

Before the meeting starts, Mr. Aruck Tungtrakool; Company Secretary, asks for permission to inform that this Annual General Meeting of Shareholders 2022 is an electronic conference via e-Shareholder Meeting by Digital Access Platform Co., Ltd. (DAP) - a subsidiary of SET Group. This meeting via an electronic media conforms to the Emergency Decree on Conferencing via Electronic Media year 2020.

The company would like to inform shareholders on several issues which include the procedures on question submission at the meeting, voting on meeting agenda, and vote counting. Details are as follows;

Procedures on question submission at the meeting:

Before voting on each agenda, the meeting chairman gives attendees an opportunity, when appropriate, to ask questions concerning each agenda. And in case, during meeting, any shareholders would like to raise any agenda to be reviewed, shareholders would need to press "Send Question" button in order to firstly type a preliminary question, and then press "Send Question" button. All those questions will then be in query system. Nonetheless, questions which can be raised must relate to the agenda which are proposed to be reviewed only; this is to utilize meeting time for the most benefits to all shareholders.

Afterward, the chairman or the assigned person will then read your questions in order. However, the company would reserve rights to answer only questions which correspond to the agenda at that time. If any questions do not relate to the agenda, those will be questioned after closing the meeting in accordance with the practice which explained above. If there is a large number of questions sent to system, the company would need to reserve rights to review and select questions which are proper. And if there are any questions which cannot be answered at the meeting due to time limitation, the company will then gather and review those questions to be answered and disclosed in the meeting report or in company website later.

In case shareholders find any constraints in order to attend the meeting and/or to give votes, please kindly follow the manual concerning the shareholders meeting via the electronic media which the company have it dispatched along with the meeting invitation letter or kindly dial DAP Operation Tel No. 02 009-9888 press 1.

E-Voting practice:

1. To give vote at the meeting, every shareholder has his/her own vote in equivalent to total shares that each person has been holding by subjecting to count one share for one vote.
2. Voting on each agenda will be explicitly managed. Every shareholder or proxy must have only one vote from selections; approve, disapprove, or abstain. Nonetheless, any partial votes are not permitted - but there is an exception only when any foreign shareholders appoint a custodian in Thailand to be depositary and custodian. In this case, partial voting to approve, disapprove, or abstain can be done at the same time on each agenda by dividing votes to be in equivalent to number of shares which each foreign shareholder has been holding.
3. When chairman of the meeting asks shareholders to give votes on each agenda, shareholders would need to select "Submit Vote" button by choosing from 3 selections which are "Agree", "Disagree" and "Abstain". Shareholders must also select voting button on each agenda among "Agree", "Disagree" or "Abstain" buttons within the given time in 1 minute - this is subject to the part of own vote and delegation vote (if any), and once pressing "Submit Vote" button, voting process on each specific agenda is considered as complete. If shareholders do not vote within the given time, we would consider that vote of shareholder as "Agree" on each specific agenda. Nonetheless, voting, voting adjustment or voting modification can still be amended on each agenda until meeting is announced for closing vote on each specific agenda.

With safety security reason, each user can sign in only on one device. And if user also signs in on other device or other browser in the same computer, the previous login will be automatically terminated from the system. Also please kindly do not give your username and password to other people.

In the event that any shareholders appoint proxies to attend the meeting; the proxies have rights to give votes as in consideration on behalf of shareholders on all matters. Nevertheless, if shareholders already gave votes on each specific agenda in proxy letter, the company would then consider those votes conforming to the proxy letter and the proxies will not have any rights to give any additional votes. Shareholders can also view broadcast meeting and raise any questions.

Vote counting criteria

1. According to company regulations relating to shareholders meeting and votes subjected to Clause No. 27 on voting of one share per one vote, conclusion of shareholder meeting is then consisted of the following votes;
In term of regular agenda items 1, 3, 4, 5, 6, and 7 shall be approved by resolutions of the general meeting of shareholders by majority votes of shareholders who attend the meeting and cast their votes.
2. Vote counting on each agenda will be counted from shareholders who attend meeting with vote of disagree, and/or abstain only which will be deducted from total votes of shareholders in the meeting. The remaining votes, therefore, will be considered as votes with agreement. In this regard, votes from shareholders, which are already given in proxy forms, then have already been counted for record in advance. For no votes from shareholders, those will not be considered as part of vote counting base.
3. To inform on voting results; votes of agree, disagree and abstain, those will be specified on how many votes and in what percentage ratio. On each agenda, the number of shares of the recent attendees will be subjected, therefore, total attendees on each agenda could be changed and unequal. After closing votes on each agenda and the company has already made an announcement on voting result, shareholders can view vote results by own selves on each agenda by pressing icon  (bar graph).

To comply with good guidelines for shareholders meeting of listed company in vote counting of this meeting, the company therefore invites representatives from Dharmniti Law Office Company Limited, the legal advisor, to be responsible for vote counting and to supervise this shareholder meeting in accordance with laws and company regulations.

Company has set date to determine list of shareholders who can participate the Annual General Meeting 2022. On 17 March 2022 (Record Date), Mr. Aruck Tungtrakool, Company Secretary announces at the early meeting that 16 shareholders attend the meeting by themselves and they have 327,473,198 shares. There are 24 proxies attend the meeting and they have 1,131,628,234 shares. Consequently, total shareholders and proxies who attend this meeting are 40 people have 1,459,101,432 shares in total, that is 84.0866% of total shares which have already been sold in total of 1,735,237,480 shares. These would therefore be considered as a full quorum in accordance with company regulation clause No. 26 - "requiring shareholders and proxies of shareholders who attend meeting (if any) not less than 25 persons or not less than half of total number of shareholders. And there must be cumulative shares not less than 1/3 of total number of shares which have already been sold. These would therefore be considered as a full quorum.

1. Plywood factory construction project with the capacity of 60,000 cubic meters per year, operated by Vanachai Panel Industries Company Limited (a subsidiary company) at Surat Thani plant on 200 million Baht investment, is expected for operation and sales in the 2nd quarter year 2022.
2. The project of generator system from solar rooftop, Phase 2, has production capacity of 3.328 MWp, operated by Vanachai Group Public Company Limited at Saraburi plant on 125 million Baht investment, is expected for starting generating electricity in the 3rd quarter of 2022.
3. To invest in Vanachai Logistics Company Limited (a subsidiary company) for operating business in transportation and warehouse management is to increase the efficiency and to reduce transportation costs, and to increase business channels for the group companies. This mission has been started since the 1st quarter of 2022.
4. For anti-corruption policy year 2021, the company insists the directors, managements and company employees on anti-policy practice that there will be no giving, offering or receiving any assets, gifts, hospitality or any expenses from customers/business alliances or any people who are involved with company business that could affect the decision making on the performances with bias/ hesitation/ conflict of interest. And informing letters have been given to stakeholders of all companies for cooperation in refraining from giving gifts on all occasions.

The meeting has questions and Mr. Wanthana Jaroennawarat, Managing Director, informs as follows;

- Khun Keeratika Phaenglart, proxy from Thai Investor Association, would like to protect rights of shareholders and asks question on the following;

- From the company operation report in 2021, company and subsidiaries have total sales revenue in 12,987.7 million Baht which has increased from the same period from year 2020 in 4,666.6 million Baht (or 56% increase). The main factors of this increase are from trade war problem between the United States and China has relieved, and economic situation gains more trust. All these create more product needs from our company and subsidiaries in the overseas market. In addition, the situation of COVID-19 pandemic is less severe since the beginning of 2021.

However, in early 2022, there is a hostility situation between Russia and Ukraine - would the situation of this war between Russia and Ukraine have any impacts on any perspectives in both direct and indirect to the company and to any of our main customer countries? If so, does company have any strategies and any management approaches to manage the impacts?

- Managing Director explains are as follows;

- War between Russia and Ukraine from first standpoint has impact toward the price of gasoline and other petrochemicals which creates more additional cost. This produces an effect upon all industries, and it could have impact at least one quarter. The company, therefore, has management to reduce production cost by aiming for the performance with margin to maintain at the normal level by minimizing the cost and reducing the usage while maintaining the product quality standard. In term of middle and long-term impacts, the company watches for this war situation whether how long it would continue and how much more cost of gasoline and petrochemicals will increase. At present, the company is still able to adjust and improve the production process in order to decrease the cost in the controllable level.

The meeting has acknowledged the company performances according to Annual Report year 2021 of Board of Directors.

Agenda 3 To consider and approve the company's balance sheet and income statements for the fiscal year ended 31 December 2021

Company Secretary informs details of company balance sheet and income statements for the year ended 31 December 2021 which has been audited and verified by Certified Public Accountant ("CPA"), and has been reviewed by the audit committee and approved by Board of Directors. Details can be summarized as follows;

1. For summary balance sheet of the company as of 31 December 2021 compared to year 2020; the company has total assets 11,650 million Baht (663 million Baht increase), total liabilities 4,553 million Baht (98 million Baht increase) and shareholders' equity 7,097 million Baht (565 million Baht increase).

Agenda 8 Other

The meeting has questions and Mr. Wanthana Jaroennawat, Managing Director, informs as follows;

- Khun Vinai Rungtiwasuwan, shareholder, questions on;
 - Whether MDF Board's selling price in the 1st quarter this year compared to the end of last year has increased and in what percentage?
 - Managing Director explains as follows;
 - The selling price of MDF Board in the 1st quarter year 2022 compared to the 4th quarter year 2021 has similar selling price.
 - What is the production capacity of OSB's production line this year, has it reached breakeven point, and what is the trend of OSB's selling price?
 - Managing Director explains as follows;
 - The production line of OSB has started production and distribution since the 4th quarter last year, and has used 60% of the production capacity. In this year, the machines are in the process of minor maintenance and we expect to have 100% full production capacity in the 3rd quarter. And in term of the selling price trend of OSB , it can increase compared to last year.
- Khun Pachara Sermsup, shareholder, questions on;
 - The selling price trend of MDF Board and Particle board compared to the end of year 2021.
 - Managing Director explains are as follows;
 - The selling price of MDF Board is similar to the end of year 2021. And the selling price of the Particle board in the 1st quarter of 2022 has been adjusted from the 4th quarter year 2021 approximately 5%.
 - Since the company has made investment in many projects, and cost of production and all other transportation have increased - would the company's margin has tendency to decrease compared to year 2021? And what would be the company's strategies in order to manage the profits ratio?
 - Managing Director explains are as follows;
 - All projects which the company has invested in order to minimize the production cost, such as projects on logistics and electricity, generate more margin to the company - however, the war situation between Russia and Ukraine causes higher prices on gasoline and petrochemicals. Some of the costs obviously have increased. Nonetheless, according to company vision to expand works in cost reductions on projects of logistics and electricity, these missions should compensate this situation in certain level. Therefore, we can still estimate the company's margin to remain the same.

- Khun Keeralika Phaenglart, the proxy from Thai Investor Association, volunteers to protect the rights of shareholder and raises question by referring to the questions in the General Shareholders Meeting Report year 2021. This is concerning the provision of provident fund benefits for the employees and the company managements, conforming to ESG guidelines, but this matter still has not been set up. What would be the company's point of view on this matter?
- Managing Director explains are as follows;
 - In term of the provident fund, company had further studied for possibilities to set up the fund. From the preliminary result, the capital markets are still unstable and have possibility to decrease as according to the international capital market on liquidity and inflation. However, once the market is more stable, the company will have another study on the provident fund at the right timing for the capital market.
- Khun Thunyaporn Siriwattanachoke, shareholder, questions on; would the situation of weak value in Baht be much positive to the company? And how much does every 1 Baht depreciation affect the profits?
- Managing Director explains are as follows;
 - Weaker Baht gives benefits to the company since the company and the subsidiaries have proportion of sales revenue which is from overseas sales approximately 80% of the total sales. And from sales forecast from total sales in 2022, it has been expected to increase from year 2021 about 15-20%. From the impact of the exchange rate in weaker baht, the company will have better revenue from the increased sales. We expect the revenue from overseas sales in US currency approximately 200 million USD, and on each weaker 1 Baht to 1 USD will generate more revenue approximately 200 million Baht to the company and to the subsidiary companies.
- Khun Kiettipol Mongkolchalearnkit, shareholder, questions on;
 1. What would be the concerning factors which the management has seen?
 - Managing Director explains are as follows;
 - The concerning factor this year would be the war between Russia and Ukraine which has still been continuing - this has impact on increasing price of gasoline and other petrochemicals. Another minor impact is from the lock down in China since Shanghai has been affected from transportation. The major impact which the company has concerned the most is the effect which will create more production cost. In term of the market at present, there is still no impacts - the company sees that there are no marketing risk factors since the market demand still persists.

2. What will be the investment budget in this year and in the next few years?
- Managing Director explains are as follows;
 - Company has spent approximately 80% on investment budget, and the remaining investment budget of this year is on Solar Rooftop Phase 2 (Saraburi Plant) with the investment budget in 125 million Baht - it is expected to start its' operation in the 2nd quarter year 2022. And in 2023, the company has project to improve the project of Melamine - Faced Panels factory on the investment of more than 100 million Baht. And these are all the investments between 2022 - 2023.
3. In term of the business trend in this year and in the next few years, what does the management foresee?
- Managing Director explains are as follows;
 - The business trend in the next few years will increase since company's products use woods as the core of raw material and there are still no other substitute materials. Therefore, there is tendency that the market demand in this business will continue.
4. What does the management see on the company's growth in term of sales and profits ratio this year and in the next few years?
- Managing Director explains are as follows;
 - In this year, the company sets the sales growth approximately 15-20% and at present we are still able to maintain this target. In the next 2 years, the company still maintains the policy to grow approximately 15-20% per year.
